

Video Resume Lesson Plan

Video Resumes are a great way for students to document and demonstrate their skills! Video Resumes can show evidence of transferable skills that can be used in any job. Using Video Resumes are also a great way to include students in their IEP (and often make the IEP meeting a lot more fun! Download the lesson plan and storyboard to have your students make their own Video Resume.

Pro Tip: Not all your students will feel comfortable making a video resume. You can modify the lesson by having your students identify their transferable skills on the video resume story board. Students can share their storyboard at IEP meetings (instead of making a video).
