

PSO COLLECTION PROGRESS REPORT JUNE/JULY/AUGUST 2024 PSO DISTRICT INPUT

REPORT DATE	PROJECT NAME	PREPARED BY
September 3, 2024	PSO 2024 Statewide Collection	Cindy Post

JUNE-AUGUST 2024 PSO REPORT-OUT

- Data collection progress was slow in July and first half of August, picking up towards the last two weeks of August.
- Statewide technical assistance (TA) continues to be active with both new and established District personnel during this time, TA continues as needed. A sustained concentrated review of district input, especially with input of refusals, has continued. Inconsistencies are communicated with District personnel to promote overall data accuracy and provide information for future PSO trainings. Contacted District personnel have provided helpful information and been appreciative of effort towards clean data.
